Kudos and Highlights

Michelle R

Finally received her business cards and handed some out to her colleagues at work!

Laura

Did painting at the Plainview office, went to karaoke and sang "Dancing Queen", and watched movies

Noah

Will be going surfing at Lido Beach this week and will be having a party at Camp Anchor, where Kat will be interviewing some of the staff and volunteers.

Anthony

Went to a pool party and the Sayville Festival and had so much fun. He went to a Car show where he saw live music, went on rides, and watched the live DJ play music. He did some restocking at the Garden City Life's Worc store, went to book club on zoom with Matilda, did an inservice with his day hab group about religion, went to Splish Splash, and attended an outside mediation at his library. Finally, he went to Cradle of Aviation and played games, saw some old fashion games, and visited different areas.

Sohum

Started attending a singing class on Friday and is having a lot of fun.

Patricia

Went to a garage sale and brought a pair of new Skechers from the store on Saturday. She also babysat her niece's dog, Cannoli.

Gloria

Is loving Camp Anchor which ends on Tuesday and will be a day of tears, smiles, and fun memories. At the end of the day when the camp bus door opens to let her off you can hear her laughter all the way down the block. She will resume going to Carle place hubsite on Wednesday. She will end the week by getting her hair done and going to see the Barbie movie.

Michelle B

Went to the Ducks game, joined her nephew Andrew for breakfast at IHOP, and then went to a block party at Brookville mansion. Then she went to do a fundraising with the Knights of Columbus at West Babylon and donated crayons and things with her manager John, from her Hubsite. She also played bocce ball and said farewell to her nephew Andrew who went back to college. On Friday, her coach left to work at the laboratory in Meville and they had a party for her. Finally she had lunch at the Whiskey Downs Diner with her old friend Cathy.

STRIVES

We continued to review the August DEI Newsletter and discuss Eugenics and its impact on individuals with Intellectual and Developmental Disabilities.
